

## G-CAT Board Meeting 11/18/2013

### In attendance:

Loren Janulewicz  
Larry Ransford  
John Hartnett  
Vic Evans  
Irene Young

### Discussion:

- October minutes read and approved.
- We reviewed the financials. We lost \$24,158 this October compared to a \$21,500 loss last October. We incurred some major expenses like \$2300 for tree removal from the 11<sup>th</sup> hole pond (result of flood) and replacement windshields for golf carts of \$2300. We have also spent \$5000 on the back nine irrigation airline ask a temporary fix until we can replace the sprinkler system on the back nine.
- We do have some expenses coming soon that are the results of the heavy rains and normal wear and tear. There is about \$5,000 for electrical work (getting up to code), \$3250 for repair of retaining wall on hole #2, \$5000 for repair to rough mower , \$3000 for maintenance barn heaters, \$10000 for tree removal (dead trees and trimming of tree on hole 14). With the tree removal we will receive 2 truckloads of bark to use which is about a \$2000 value.
- We have put a sign up for Heather Ridge across the street from the southbound exit ramp of I225 to Iliff (there was one for Heather Gardens). Also the Google map problem has been fixed (Heather Ridge now will appear).
- We will have a booth again at the Golf Expo. We are reviewing package and information that will be available for handouts.
- Meeting adjourned.
