

G-CAT Board Meeting 2/17/2014

In attendance:

Loren Janulewicz
Larry Ransford
John Hartnett
Irene Young

Discussion:

- January minutes approved.
- Profits for 2013 were \$109,377 compared to \$101,700 for 2012. We were able to do some extra maintenance (sprinkler repair of back nine and removal of dead trees) and still be profitable. January was down compared to last year, but only were open about half the days. January and February are always iffy months dues to the weather.
- The Golf Expo was profitable. Sales were up from last year even though attendance was down.
- So far have 12 outside tournaments booked for 2014. Working with Noonan's to improve strategy for tournaments.
- Spent \$12,000 to remove dead trees around the course. Unfortunately a couple that we were hoping to trim and save could not be saved and had to be removed. Trees will be moved to some areas (the side of 14 and 9 greens) to replace the trees that were removed. We don't want to change our course too much but have to remove dead trees for safety issues.
- Meeting adjourned.
